Dream Bigger 2032

About the Artwork

The Bunya tree brings us together. The heart and connected roots express shared care and connection. The Bunya nut expresses kindness. The eagle invites us to Dream Bigger. The yarning circle holds our shared vision: Care for Country. Everyone's Responsibility.

32 by 2032

Our first shared ambition: 32 community led projects and ceremonial support initiatives by 2032.

Brisbane 2032 is our opportunity.
The next generation is our purpose.

IMPACT BRIDGE

Shared Vision. Shared Action.

Care for Country begins with listening, guided by Traditional Owners, Elders and communities. Impact Bridge connects people and resources to turn community dreams into action. Together, we deliver projects that create lasting benefits for Community, Culture and Country.

We are already walking this journey

The Oolah Water Project

The Oolah Water Project brought partners together to deliver safe water and sanitation at Lullumb and Mudnunn on Bardi Jawi Country.

Dream Bigger Academy at MSHS

The Dream Bigger Academy at Murgon State High School creates Hope, Opportunity and Purpose through practical learning. Food sovereignty, nutrition, Rangers, tourism and hands on skills help young people discover their strengths and Dream Bigger.

Ceremony Support

Ceremony support responds to needs raised by cultural leaders, including drinking water, toilets, food and transport.

Your Part in the Shared Vision

Share your time, skills, resources, funding or connections to help bring community dreams to life. Together, we agree what is needed, who will help and how we will follow through.

Through the Impact Bridge platform, partners can see project needs, commitments and progress. **Kindness Credits** recognise verified financial, in kind and volunteer contributions: **$1** of verified contribution equals **1 Kindness Credit.**
